When to arrive

Please arrive at least 20 minutes before your booking start time. If you arrive late, your private bathing and treatment time may have to be reduced.

If your booking is for a treatment only, we highly recommend you also allow 30-45 minutes beforehand for hot mineral springs bathing as this greatly enhances the treatment. Bathing discounts apply with treatment bookings.

Your therapist

Please be aware that whilst the majority of our therapists are female, we do employ male therapists who may be allocated to your treatment. If you have a preference, please tell us at the time of booking.

What to wear if you have booked a treatment/package

We recommend you wear comfortable clothing and flat shoes to the springs. Robes and towels are provided free. During your treatment undergarments are optional. Disposable briefs will be provided at your request. Maintaining your sense of dignity and wellbeing is of the utmost importance to us. All of our therapists are trained to drape professionally to ensure your comfort and privacy at all times.

What to wear while bathing

For bathing in the open areas a swimsuit is required. In private baths swimsuits are optional. The mineral-rich water may discolour swimwear. We recommend you bring a comfortable pair of thongs or slippers.

Booking treatments together

Clients booking together are normally booked into a double treatment room. If you would prefer separate treatment rooms, please notify us at the time of booking. We suggest booking well in advance to be sure of separate room availability.
