an insider's guide to glamping

in-room tips

heating/cooling

With heated floors set to a minimum of 19 degrees, create your own environment by adjusting the split system to your liking. As the weather cools the heated floor temperature will increase accordingly.

wristband

Your Peninsula Hot Springs wristband is your door key and will identify you as a glamping guest. Keep it with you during your stay and remember to bring it with you when you check out.

ecofriendly

We're striving to be as ecofriendly as we can and have installed toilets which reuse the waste water from the basin to fill the cistern. The tap in the basin will run a little longer than expected, but it will stop when the toilet has been refilled.

devices

If you like to go to bed watching your favourite show remember to **bring your own device** and make the most of our free Wi-Fi. Earphones are a good idea, just in case your neighbour is a light sleeper!

nature sounds

Our local frogs sing morning and night, and if you're a light sleeper, the sounds of nature might be a bit loud! We've included earplugs in your room if you need them, so you can relax as you retreat to your glamping tent.

smoking

Smoking in the glamping area and within your accommodation is prohibited. A designated smoking section is located at the entrance to Peninsula Hot Springs.

wellness and bathing tips

selfies

If you want the perfect selfie, the iconic Hill Top pool is our top pick, but be patient – it's a popular spot.

If you want to watch the sunset, our amphitheatre pools are the place to be. You'll have a beautiful view of the setting sun and the night sky.
